Instructions on Implementing Links on Your Site Through Commission Junction

Now that you've signed up for Volusion's Affiliate Program, it's important to complete the process by uploading a link to your site. This will help ensure your success within our program. Through your Commission Junction account, you can easily upload banners and text links for your site.

Here are the basic instructions:

1. Log in to your Commission Junction Account
2. You can access our links by clicking "Get Links" -> "By Relationship" in the subtab
3. Click "View Links" next to "Volusion"
4. Once you find a link that you would like to use on your site click "Get HTML" to the right side of the page
5. Copy and Paste the given code into your website

*If you have issues uploading your HTML link, you can contact your site host or designer/developer.
